THE WINES YOU MUST NOT MISS

BERTANI

If you want wineries steeped in history and tradition you can't go wrong with Italy. Bertani was founded in Verona in 1857 and continues to set standards for the entire region. From its status as the father of Amarone to the presence of its Soave on the menu for King George VI's coronation in 1937, the history of Bertani is awash with landmarks. Our wine supplier has particularly fond memories of this producer. Back in 2009 he was lucky enough to visit the Bertani residence for a party following vinitaly (a huge wine exhibition) Not sure what to expect and already fairly inebriated he stumbled into a room packed with over 80 Italian cheeses!!! It was a cheese session like no other and all washed down with the incredible Secco Bertani that we have just listed. Rumour has it that he emerged two days later!!!
